Professional Background

Education

Ph.D. Educational Leadership Winter 2007
University of Oregon, Eugene Oregon
Specialization: Learning Assessment and Systems Performance

B.A. English, *Cum Laude* 1990
Carleton College, Northfield Minnesota
Concentration: Educational Studies

Teaching Certificates

National Board for Professional Teaching Standards 2002
Adolescence and Young Adulthood English Language Arts
California Professional Clear Single Subject Teaching Credential (English) 1995
California Cross-cultural Language and Academic Development Specialist 1992
Minnesota Initial Teaching License (English) 1991

Grant-Funded Research Experience

Project DATA for RTI (Developing Adept Teams for Advancing RTI). PI on research grant awarded by the U.S. Department of Education, Institute for Education Sciences. The purpose of this grant is to develop an online professional development program integrated within the easyCBM assessment system to provide teachers with training on key aspects of RTI, including sufficient student screening and progress measurement, developing instructionally adequate programs, and making data-based decisions for instructional change. Budget \$1,499,750 from August 2016 July 2020

Project Iceberg (Intensifying Cognition, Early literacy and Behavior for Exceptional Reading Growth to Improve Preschool and Kindergarten Data-Based Decision Making and Prevent Reading Disabilities). Co-PI on Stepping Up to Technology grant from the U.S. Department of Education, Office of Special Education Programs to reduce reading disability through early intervention with pre-school and kindergarten students. Budget \$2,498,710 from August 2015 – July 2020

Measuring Oral Reading Fluency: Computerized Oral Reading Evaluation (CORE). Core faculty on research grant awarded by the U. S. Department of Education, Institute for Educational Sciences. The purpose of this grant is to develop a computerized assessment system of oral reading fluency that contains an automated scoring algorithm based on a speech recognition engine and a latent variable psychometric model. Budget \$1,599,289 from August 2014 – July 2018.

Reliability and Validity Evidence for Progress Measures in Reading. Co-PI on research grant from U. S. Department of Education, Institute for Educational Sciences. This grant examines the technical adequacy of the easyCBM reading measures. Each year focuses on a different facet of technical adequacy and involves multi-state research studies. Budget \$1,596,638 from June 2010 – June 2014.

Developing Middle School Mathematics Progress Monitoring Measures. Co-PI on research grant from U.S. Department of Education, Institute of Education Sciences. Oversaw development of multiple forms of mathematics measures aligned to the Common Core State Standards for use in grades 6-8. Budget \$1,631,401 from June 2010 - June 2014.

Statewide Longitudinal Data Systems (with Oregon Department of Education). Research Associate on U. S. Department of Education, Institute for Educational Sciences funded project. Scope of work included writing technical documents, developing and recording online curricular units in the area of measurement, interpretation of student data, and school- and district-level implementation of the easyCBM online learning system. Budget: \$3,717,220 from May 2009 – April 2012.

Assessments Aligned with Grade Level Content Standards and Scaled to Reflect Growth for Students with Disabilities (SWD) and Persistent Learning Problems (PLP). Co-PI on research grant from U. S. Department of Education, Institute for Educational Sciences. Oversaw development of multiple alternate forms of reading and mathematics measures for use in each of grades K-8. Development included writing, reviewing, and piloting approximately 1800 items per grade (divided equally between mathematics and reading), and conducting technical adequacy studies. Budget: \$1,525,552 from May 2007 – April 2011.

Model Demonstration Centers on Progress Monitoring (CFDA 84.326M). Project Manager on U.S. Department of Education model demonstration center. Responsibilities included overseeing the development of the easyCBM online learning system (development of reading measures for use as benchmarking and progress monitoring assessments, K-4 as well as the online system itself), working with a partner district to develop processes and procedures for implementing Response to Intervention district-wide, assisting with the annual and end-of-project reports, and disseminating the findings at state and national conferences as well as through publications. Budget: \$1,189,790 from January 2006 – December 2010.

Curriculum – Based Measurement for Administrators. Funds for the Improvement of Post Secondary Education, Research Assistant on U.S. Department of Education funded project. Responsibilities included creating lessons on reliability, various aspects of validity, measurement concepts, data-based-decision-making, and interpreting assessment reports. Budget: \$589,172 from October 2004 – 2007.

Project ACCESS 2000: Accommodating Curricular Changes for Educational Standard Setting. Directed Research Projects. Research Assistant on research grant from Office of Special Education and Rehabilitative Services. Responsibilities included working directly with language arts and social studies teachers in a local school district to conduct quasi-experimental studies of concept-based-instruction in high school classrooms. Budget: \$538,188 from 2000 – 2003.

Educational Consulting

International Assessment Consultant, Chemonics 2012 - present

Co-leader of a Task Force on a US-AID funded project working in collaboration with the Republic of Georgia's Ministry of Education and Sciences to create the nation's first Classroom Diagnostic Assessment of Reading. Responsibilities include writing the Conceptual Framework and Methodology sections for reading assessments to be adopted for use across the country, grades 1-6, and overseeing the work of the Georgian-based task force in creating, piloting, revising, and validating the reading assessments.

Private Consultant 2007 - present

Provide consulting services to school districts and educational service districts in the areas of Response to Intervention; using assessment data to guide school-wide improvement efforts, and interpretation of student and school-level data. In addition, I have worked as a private

consultant doing statistical and data analytic work and writing up the results of both qualitative and quantitative studies for various agencies. I have also conducted two independent program evaluations in my role as consultant: one on the impact of a university-level research project in physics education; another on behalf of Learning Point Associates in Naperville, IL.
